## Hobbies

- Reading books.
- Playing games.
- Watching anime.
- Writing stories.

## Languages

- English
- Tamil

## Extra Curricular

- 4th place in College Hackathon.
- Conducted Guest lecture on MATLAB.
- Zonal Kabbadi Player.
- Participated in symposiums and other hackathons.

## Projects

- Language Translator app - Python, TKinter.
- Todo Application - .NET, Blazor (Full-Stack).
- Library Management System - .NET, Blazor (Full-Stack).
- Smart Voting System - Python, SQL.
- UI Element Detection using Tensorflow 2 - Python.
- Placement Portal Management - PHP, SQL (Full-Stack).
- Network Intrusion Prediction using Machine Learning - Python.
- Snake game using Reinforcement learning - Python.

## Certificates

- C# Fundamentals certified by Azure.
- Artificial intelligence and machine learning by VOIS.
- Cloud computing basic by VOIS.
- The complete python networking course 2023.
- Ethical hacking from A-Z.
- Pentesting with Daniel Slater.
- Data security, recovery and storage hacking for newbies.
- Microsoft SQL server for beginners.
- Marketing analytics and pricing strategy.
- Python and Django framework for beginners.
- AI for everyone.
- Linux and data analytics by VOIS.
- Project development using Java for beginners.
- IOT Certificate in Great Learning.
